Thieme Publishers and IUPAC in collaboration with the editors of SYNTHESIS · SYNLETT · SCIENCE OF SYNTHESIS · HOUBEN–WEYL announce the

2006 Thieme–IUPAC Prize in Synthetic Organic Chemistry

Call for Nominations

The Thieme–IUPAC Prize is presented every two years on the occasion of the International Union of Pure and Applied Chemistry – International Conference on Organic Synthesis (IUPAC–ICOS). The 2006 ICOS will be held in Mérida, México, on June 11–15. The prize is awarded to a scientist under 40 years of age whose research has had a major impact in synthetic organic chemistry.

Prize € 5000

The prize will be awarded on the basis of scientific merit for independent research dealing with synthesis in the broadest context of organic chemistry, including organometallic chemistry, medicinal and biological chemistry, designed molecules, and materials. Candidates must be under 40 years of age as of January 1 of the year in which the prize is awarded.

Proposals must be accompanied by a biographical sketch of the nominee, a list of the candidate’s ten most significant publications, and a statement of how the candidate’s research has had a major impact on the field of synthetic organic chemistry. The material will be confidentially forwarded to an independent selection committee.

Nomination materials (8 copies) should be submitted by December 9, 2005 to Marcus White, Georg Thieme Verlag Ruedigerstr. 14 70469 Stuttgart Germany Telephone: +49 (711) 8931 880 Fax: +49 (711) 8931 777 E-mail: marcus.white@thieme.de

Deadline: December 9, 2005
